

In the wake of increasing pressure on the NHS, ensuring access to quality healthcare has become paramount, and private medical insurance (PMI) acts as a reliable solution offering personalised care and peace of mind. Whether you're an individual seeking comprehensive coverage or a business aiming to provide valuable benefits to your employees, we're here to assist you in selecting the right PMI plan tailored to your unique needs.

Key Features & Benefits of PMI

- · Covers both acute and chronic conditions
- Rapid access to expert medical care
- Access to treatments and drugs not available on the NHS
- GP Referral not always necessary option to self-refer
- · Global access to medical experts in a country of your choosing
- Private maternity benefit

Individual & Family Private Medical Insurance (UK Only)

This type of plan is designed for individuals who do not have cover provided by their employer and want to protect themselves and their families from being reliant on the NHS for diagnosis and treatment. Cover can be tailored to suit the individuals demands and needs as well as a specific budget.

Business Private Medical Insurance (UK Only)

Business medical insurance can be taken out in the name of your business to cover anything from a sole trader up to a large organisation. A plan can be tailored to suit the needs and budget of the business with modular cover options available. For businesses of 15 or more employees, you have the option to pay an additional premium for 'Medical History Disregarded' underwriting which means pre-existing conditions can be claimed for.

International Private Medical Insurance (For Businesses and Individuals/ Families)

International Private Medical Insurance is a growing space, providing a globally mobile solution for healthcare. Whether you are an individual or business needing complete flexibility due to your travel arrangements, or you're a high-net-worth individual looking for the next level of cover, international medical insurance is the product for you.
