

High Value Home Insurance

Our home is, arguably, our most valuable asset. Not only in monetary value, but in the memories a home often holds for you and your loved ones. Our policies provide unparalleled coverage with an 'all-risk' approach, meaning your property, and your belongings, are protected to the highest standard. At Enness we pride ourselves on delivering high-end, tailored coverage with an exceptional claims experience.

Tailored Approach

Our policies will provide tailored coverage for your home and possessions to ensure cover is sufficient. With higher coverage limits as standard as opposed to a standard policy with add ons. Flexible underwriting allows us to create a policy bespoke for you and your home.

Worldwide Cover

We understand our clients travel and your treasures don't stay at home. Worldwide coverage ensures you're protected wherever you go ensuring peace of mind, particularly if you're a frequent traveller.

Dedicated Claims Support

If a claim needed to be made, we understand that speaking to a call centre and going through the claims process can be the last thing you want to spend your time doing. With our policies, you will be provided with a dedicated team of specialists ensuring a swift and professional resolution for your claim.

Comprehensive Cover

Aside from the obvious, our high value policies come with a suite of benefits as standard. This includes enhanced alternative accommodation, automatic protection for new acquisitions, pairs and sets cover. For example, if you were to lose one earring, the set would be replaced and more.
